Grades 2 - 8

*This camp is back by popular demand! Never fear—if you came last year we have new and fun activities to offer. So, you've seen *The Lion King* and *Madagascar* and you may even remember the meaning of "Hakuna Matata", but do you want to know even more about the awesome continent of Africa??? If so, you will love this fun and educational African cultural studies camp. Campers will experience a week filled with learning about African geography and history, experiencing traditional African storytelling and games, viewing and making African masks, tasting African cuisine, and "traveling" to each region of the continent. So, pack your bags, don't forget your passport and be sure to come globally ready!*
